VEHICLE AND EQUIPMENT BUNDS - EB7

EB7 + EB7M pictured (EB7M sold separately)

Our PVC bunds are very adaptable and can be used in a wide range of applications where liquids such as fuel, lubricants, chemicals, agrochemicals etc. are required to perform tasks such as:

- Forestry work
- Farming
- Rail track maintenance
- Civil engineering
- Utility engineering; such as maintaining transformers at electricity substations
- Vehicle & machinery cleaning
- Emergency containment and decontamination

Practical & easy to use. Manufactured from high grade PVC to provide excellent compatibility, strength and durability. In support of our standard range of sizes, as the manufacturer we can custom build to accommodate your specific requirements. Options:

- Interior liner
- Base mat
- Civil engineering
- Repair kit
